Assistant Commissioner for Patents  
Washington, D.C. 20231

Honorable Sir:

In response to the Office action dated July 15, 2002 (paper no. 4), Applicants submit the following response. Accompanying this response is a petition for a two-month extension of time and fee, thereby extending the time to respond from October 15, 2002 to December 16, 2002 (Dec. 15, 2002 is a Sunday).

**IN THE SPECIFICATION:**

Please replace the paragraph on page 3, lines 14-34, with the following rewritten paragraph:

--T-regulatory cells have an important role in peripheral tolerance, but it has been difficult to isolate cells with suppressive activity in vitro and to define their mechanism of action. A CD4<sup>+</sup> T-regulatory cell subset has been described which is able to suppress antigen-specific immune responses in vitro and in vivo. See, e.g.,
